PROFILE

A target driven Junior Front End Developer who is highly skilled in HTML, CSS, and Javascript and highly adept at both independent and collaborative projects with focus on responsive web pages, UI/UX design and customer service satisfaction. A quick learner and always up for a challenge. Looking for the right opportunity to grow and expand my skill set.

TECHNICAL SKILLS

- HTML5 - CSS3 - JavaScript - Bootstrap - Ruby - Ruby on Rails - Figma - Tailwind CSS - Git Version Control (Git/GitHub) - JQuery - React

PERSONAL PORTFOLIO

https://tobe-nwosu.github.io/Personal-Portfolio/

The projects I have built with **HTML, CSS, Bootstrap, JavaScript, JQuery, Ruby and Ruby on Rails.**

WEB DEVELOPMENT EXPERIENCE/PROJECTS

Pokemon Card Generator
https://tobe-nwosu.github.io/Pokemon-Card-Generator/
A random Pokémon card generator that displays the name, stats and types of all the original 150 Pokémons.
Built with HTML CSS and JavaScript

Simon Says
https://tobe-nwosu.github.io/The-Simon-Game/
A memory game based on Simon says with different patterns unlocked every time the user progresses.
Built with HTML, CSS, JavaScript and JQuery

Pocket-Zoo (**Built only for IPhone 12****)**
http://www.pocket-zoo.com/users/sign_in
A mobile app built for finding local wildlife in your area and sharing it on a social network for friends to see.
Built with HTML, CSS, JavaScript, Bootstrap, Figma, Ruby, Ruby on Rails.

Online Shopping List
https://tobe-nwosu.github.io/Shopping-list/
A shopping list that adds items and deletes items. This can be added to any website as a basket.
Built with HTML, CSS and JavaScript.

Nike e-commerce website
https://tobe-nwosu.github.io/Nike-ecommerce/
A mock Nike e-commerce website advertising new, hot and discounted deals for a select range of Nike shoes.
Built with HTML, CSS and Javascript

Explore Malta
https://tobe-nwosu.github.io/Explore-Malta/
A travel website for Malta that lists all the activities to do and places to see in Malta.

Built with HTML, CSS, Bootstrap and Javascript.

COMMERCIAL PROFESSIONAL EXPERIENCES

Element Materials Technology / SOCOTEC
Environmental Emissions Technician
Dec 2019 – Jun 2022

- Worked in a small team and managed the safe and successful completion of several stack emission campaigns for extracting toxic pollutants.

- Responsible for conducting daily risk assessments ensuring potential hazards are promptly identified and risks are substantially reduced.

- Liaised with other contractors, sub-contractors, clients and safety representatives on site to ensure a safe working environment during all emission monitoring campaigns.
